

BOSAQ I Water Experts – Prevention Advisor

Prevention Advisor

*As a **Prevention Advisor** within our rapidly growing company, your job description is broad and challenging. We are looking for someone who, in addition to the position as safety coordinator, also fine-tunes the ISO procedures and asset management within our company. Because the organization is still relatively small at the moment, this is the ideal moment! It is not a requirement to have experience in all areas, although it is a plus. It is especially important that you **are flexible, independent and eager to learn**. Even though we are looking for someone who can manage projects in an **organized and structured** way, your colleagues provide good support.*

Your tasks:

- You fulfill the role of safety coordinator within the company:
- You supervise the safe execution of tasks by BOSAQ employees both in production and on customer sites
- You make your colleagues aware of risks through toolbox meetings
- You provide guidelines for risk analyses when setting up projects
- You monitor the correct registration of events and think about further prevention measures (root-cause analyses)
- You map out internal processes for the correct set-up of a highly digitized asset management system
- You roll out the implementation of a standardization according to ISO guidelines across the entire company in terms of quality, safety and environment
- You contribute to a multi-year strategy for quality, safety and environmental management within the company and its operations at home and abroad
- You help the technical project teams with the preparation of manuals and maintenance procedures

Skills

- You have a technical bachelor's degree and the diploma of safety coordinator
- Experience in the industry as a safety coordinator or HSQE officer is a strong plus
- You are interested in technology and production
- You are fluent in English and Dutch, knowledge of French is a plus
- You report progress, challenges, possible diversions, opportunities with the COO

Attitude

- You are communicative and strong in your shoes
- You are proactive and always think a step further
- Quality is your priority; you want to excel in your work
- You work together with colleagues; every project is a team effort

You will feel like a fish in our water if...

- You appreciate **honest, sincere**, and **direct communication** in both Dutch and English.
- **Integrity** is one of your core values.
- You thrive in a '**work hard, play hard**' culture within a dynamic and pleasant scale-up.
- You are **socially engaged** and believe in 'business as a force for good'.
- You don't take yourself too seriously.

You'll love us because we:

- Aim to make the world a better place and give you the opportunity to contribute to this mission.
- **Invest in you:** we believe your talent needs regular nurturing.
- Offer you **opportunities:** our company is growing, and so will you.
- Provide you with an attractive and **creative compensation package** for a job with impact.
- Give you a **flexible schedule:** you plan your work as it suits you best, ensuring you can perform at your best.
